# Friendship - Letter

---

November 2006

Hello dear friends,

much happened since we sent our last Friendship-Letter off, and it will also be our last one for now from the States. We are very thankful to God for the wonderful time we were able to experience in the U.S.. We have seen and experienced God's love, and how he provided for our needs. We were able to get to know the Word of God and God Himself better, and also had the opportunity to get to know many new people from around the world.

This summer was cozy warm, just right. We really enjoyed the visit of Irene's oldest brother Artur and his family this summer. Artur has a passion for geneology and he was able to connect with Jim & LaVerne Calverly. LaVerne's maiden name is also Pritzkau, like Irene's maiden name. They live close by, so together with Artur's family we were able to visit them and spent a wonderful day together. All LaVerne siblings came, some of them as far as California. We figured out, that her family background comes from the same area in Europe as Irene's family.

On July 9th, we had a dedication for Jocelin in our church. As parents we committed to raise Jocelin to the best of our ability according to the Bible.

The 23rd of September 2006 was a great day for Daniel! Because of certain circumstances, it was possible for Daniel to finish the 4-year-program in just a little over two years. Studies are finally over!

After graduation we had the opportunity to go on vacation as a family. We went to Atlanta, Georgia, and stood with Pastor Dave & Marg Lambert, who married us 3 ½ years ago. We had a very good time of relaxing and encouragement. About 6 years ago, Daniel had spent a year leading a team to Atlanta and worked close together with Pastor Dave among refugees. It was a good opportunity for Irene to get

to know people and places Daniel talked about. We rented a car in Atlanta and went down to the Gulf shore of Florida, where we spent a couple of days on a campground near a wonderful beach.

Jocelin is already crawling for about 2 weeks. She is a healthy, happy girl with lots of energy. Her girl-friend Jade, who is about 2 ½ months younger than her, play almost every day together.

Daniel is currently doing a practicum in the Bethany Press International. His goal is to learn about the process of printing, but also to learn about managing and business. He enjoys to get to know the printing field, and to read business books. It is very exciting to see, how business and mission go together. Not just business and missions, but also *business as missions*.

We will be back in Germany on December 15<sup>th</sup>, 2006. We assume to be in Germany for about a year and to raise support during that time for our next step in Sri Lanka. We are looking forward to see friends and family again.

If you think about us tonight (and any other night), please keep us in your prayer. You can pray for:

- An apartment
- A good job for Daniel
- A car
- A prayer and finance support group
- A good start in Germany

Check out our website, where we will post more information about our goal to go to Sri Lanka.

Blessings on you.
